

Grass Mat Connector

Product SKU:	1001355
Material:	SBR/NR
Hardness:	70 ShA
Colour:	Black
Length:	100mm
Width:	100mm
Thickness:	22mm
Operating Temperature Range:	-10°C to 70°C

Enhance your outdoor spaces with our durable and weather-resistant grass mat connector, designed for easy installation and a black finish that complements any environment. Ideal for playgrounds, entrances, and landscaping projects, this versatile connector ensures a secure and stable connection for various applications.

Key Features:

Durable Connector: Our high-quality connector is specifically designed to seamlessly join Easi and Orbik grass mats, ensuring a secure and stable connection.

Versatile Design: Black in colour, this connector not only blends well with various environments but also enhances the overall aesthetic of your grass mats.

Easy Installation: The user-friendly design allows for quick and hassle-free installation, making it an ideal choice for both DIY enthusiasts and professional landscapers.

Weather-Resistant: Built to withstand the elements, this connector is perfect for outdoor applications, ensuring longevity and performance in any weather condition.

Applications:

This versatile connector is perfect for a range of applications, enhancing the functionality and appearance of your outdoor spaces. Here are some ideal uses:

Playground Areas: Create safe and engaging play environments for children by securely joining grass mats, providing a soft landing surface.

Entrance Mats: Welcome guests with a professional and tidy entrance by connecting grass mats at entry points, ensuring a clean and inviting atmosphere.

Anti-Fatigue Solutions: Ideal for workspaces where standing for long periods is common, this connector helps create comfortable and supportive surfaces.

Landscaping Projects: Perfect for various landscaping applications, this connector allows for creative designs and layouts that can transform any outdoor area.
