

Mapei Ultraplan Renovation Screed

Product SKU:	3043248
Colour:	Grey
Weight:	25 Kg

Mapei Ultraplan Renovation Screed is a versatile self-leveling compound designed for quick application, making it ideal for renovation projects that require a smooth and level surface. Its excellent adhesion and moisture resistance ensure durability, making it suitable for a wide range of floor coverings.

Key Features:

Versatile Self-Leveling Compound: Mapei Ultraplan Renovation Screed is specifically formulated to create a smooth, level surface, making it an essential solution for various renovation projects.

Fast Setting Time: Designed for quick application, it ensures that your flooring projects can progress without unnecessary delays.

Moisture Resistance: This screed withstands mild moisture exposure, making it suitable for environments where moisture may be a concern, ensuring durability and stability.

Excellent Adhesion: Provides a reliable base for a wide range of floor coverings, from tiles to natural stone, ensuring a strong bond and a long-lasting finish.

Applications:

Subfloor Levelling: Ideal for leveling and smoothing old, uneven concrete floors, providing a solid base for new floor coverings.

Renovation Projects: Perfectly tailored for renovation work, it can be applied over existing floors to prepare surfaces for new flooring installations.

Repairing Substrates: Effectively fills in cracks, holes, and surface imperfections in concrete or cement-based subfloors before applying the final floor finish.

Smoothing Uneven Surfaces: Can be used on both interior floors and walls to level out surfaces with imperfections caused by wear and tear or prior finishes.

Underfloor Heating: Suitable for installation over underfloor heating systems, it creates a smooth, level surface while ensuring proper heat distribution.
