

RAMP Matting Black 1200mm Wide x 4.5mm

Product SKU:	MM005
Material:	SBR/NR
Hardness:	65 ShA
Colour:	Black/orange
Width:	1200mm
Thickness:	4.5mm
Full Roll length:	50m
Sold by:	Linear Metre
Form:	Roll
Condition:	Wet
Operating Temperature Range:	-10°C to 70°C

Polymax Ramp Matting is made from high-quality NR/SBR rubber with a durable fabric backing, offering an anti-slip surface ideal for high-wear environments. Perfect for horse ramps and trailers, it ensures safety and stability while being easy to install without adhesives.

Key Features:

Polymax Ramp Matting is expertly made from high-quality NR/SBR rubber, featuring a robust fabric backing that sets it apart from other matting options. This exceptional construction not only enhances durability but also ensures that the matting is incredibly resilient, making it difficult to cut even with a Stanley knife. This product is designed to withstand the rigours of high-wear environments, providing an anti-slip surface that increases safety and comfort.

Our horse box matting is specifically engineered for heavy footfall areas, ensuring that it remains intact and functional even in the most demanding conditions. The versatility of Polymax Ramp Matting allows for easy installation, as it can be securely bolted or screwed to various substrates without the need for adhesive, making it a practical choice for your equestrian needs.

Applications:

Polymax Ramp Matting is the perfect solution for a variety of applications, including:

Horse Ramp Mat: Ideal for providing a safe and stable surface for horses to walk on, reducing the risk of slips and falls.

Horse Trailer Mat: Designed to fit perfectly in horse trailers, ensuring that your equine companions have a secure footing during transportation.

Anti-Slip Surfaces: Perfect for high-traffic areas where safety is paramount, such as horseboxes and trailers.
