

Wall Mounted Retractable Barrier with 4m Red/White tape

Product SKU:	1122119
Material:	Steel
Colour:	Red/White
Length when Expanded:	4000mm
Weight:	1.48kg

A practical and highly visible solution for creating temporary safety barriers in restricted or hazardous areas. Whether for maintenance zones, restricted walkways, or out-of-service areas, this system provides clear and reliable access control for various environments. Designed for both indoor and outdoor use, it ensures safety with a durable 4-meter retractable belt in bold red and white—maximizing visibility and signaling restricted access with clarity.

Key Features

Tear-Resistant Belt: Crafted from high-quality materials for long-lasting durability in high-traffic areas.

Easy Installation & Adaptability: Simple setup with flexible mounting options to suit various locations.

High Visibility: The bright, color-coded belt ensures immediate recognition and compliance.

Versatile Applications

Ideal for use in:

Health & Safety: Restrict access to dangerous or off-limits areas.

Maintenance: Clearly mark zones during repairs and technical work.

Airports & Cinemas: Guide foot traffic efficiently and manage queues
