

High ACN Nitrile Black 70 ShA

HN70

NBR with a higher acrylonitrile content. Excellent oil resistance. Low gas permeability. Excellent heat aging and mechanical properties.

Colour: Black

Operating Temperature range: -25°C to +150°C

Physical Property	Test Method	Unit	Typical Values
Hardness	ASTM D2240	ShA	70
Tensile Strength	N/mm ²	%	20.1
Elongation	ASTM D412	g/cm ³	407
Specific Gravity	ASTM D297	%	1.209
Compression Set			20

Approvals/Special Features:
